“Dear President Ashok,

Indeed it was a very meaningful event at which I could see your inputs and the plans that you have drawn for this year. What impressed me was the fact that in the days that are already behind during this year starting from 1 July you could accomplish so much. PDG Shaju Peter became very emotional when he referred to late Lovy always thought of your becoming President of the club. I also saw the support that you will be getting from your team. I want to thank you and while congratulating you and your team I want to thank them as also the whole club for the kindness that was extended to me. I have always treated your club as my own club.

Usha joins me in sending to Sudha and you our best personal regards.

Rotary International Convention at Toronto

There were around 25,000 delegates from 175 countries at the Rotary International Convention which was held on 23 to 27 June 2018 at Toronto, Canada. From our Club those who attended this annual international event were President Rtn Ashok Puri, PP Rtn Kanan Diwan with PDG Rtn Yoginder Diwan, PP Rtn Amarjit Singh with R’ann Sunita and Secretary Rtn Salil Chopra.

PP Amarjit Singh showed brief musical videos of the convention, welcome address by RI President Ian Riseley – joined by his spouse Juliet and Canadian Prime Minister Justin Trudeau’s speech thanking Rotary for eradicating polio. Amarjit also showed some entertainment videos including magic show which was amazing. Presence of Indian delegates was low. Amarjit also took us to city tour of Toronto and gave us the beautiful view of Niagara falls. He also promoted the next RI Convention at Hamburg, Germany to be held on 01 to 05 June 2019. PDG Yoginder Diwan gave an honest review of the convention. Having attended the earlier conventions at Seoul and other places, PDG Diwan expressed mixed feelings about the Toronto convention. He said, "The logistics were perfect, but it did not have the international flavor that the Rotary events of this magnitude is supposed to have." There was a long queue of vegetarians who were not happy with the arrangements. Very few vegetarians were Indians or Asians as 80 percent of them were from the western world!
