In our virtual meeting on 06 November 2020 President Rtn. Sanjay Bhatia welcomed Chief Guest Rtn. Savita Madan, Astrologer, Vastu Expert, Signature Analyst and Artist (Hobby). PP Rtn. B.L. Ramsisaria welcomed other dignitaries present in the meeting: very senior Rtn. Shail Dhingra (wife of late PDG Som Dhingra), PDG Rtn. Arun Sharma, PDG Rtn. Subhash Garg, DG Rtn. Ramesh Bajaj, Dr. Rashmi Thakral (wife of PDG Rtn. Dr. Gulshan Thakral), DGE Rtn. Ajay Madan, AG Rtn. Parvesh Sablok, R'ann Rajwant Kaur (wife of PDG Rtn. Manmohan Singh), President Dehradun Central Rtn. Divyajyot Singh Virdee, PP Rtn. Arun Mongia, Aarushi daughter of AG Rtn. Dr. Rita & Rtn. Dr. Sanjay Kalra and all 74 attendees on the virtual platform including Chandigarh Midtowners.

Formal introduction of chief guest was given by PP Rtn. Deepak Sood.

Rtn. Savita Madan

Rtn. Savita Madan is from a business family and married in a business family. No one in her family visited any astrologer. Even she had never taken any consultation from any astrologer. She had met a lady in an Ashram in Kurukshetra, who was an astrologer and teaching astrology. For fun sake, Savita became her student along with 6 others. While learning also, she never thought that she will give consultation to the people. This is how her journey started as an Astrologer. After learning astrology, she did study in allied fields, Vastu Acharya and Vastu Visharad. After few years, she got opportunity to learn signature science. Now she is practicing as consultant in these fields. Born in Sonapat she has done BA & B.Ed. Married to DGE Rtn. Ajay Madan in 1990, who was a Rotaractor at that time and Savita attended various Rotaract Events. While carrying on Rotary journey with her husband, Savita joined Rotary as member of Rotary Kurukshetra in 2015. All those who intend to consult Rtn. Savita may do so on her mobile number +91 70154 47209.

Referring to the mystery behind the Signature, President Sanjay diverted our attention to our Signature project, the Government Elementary School at Peermushalla in Zirakpur. This was the Signature in 2018-19 when our Club upgraded this school with better infrastructure by building new class rooms, kitchen etc. Due to the new modern look and the standard of the school being raised to a much greater level, the number of students went up from 100 to 300. Now in the current Rotary year the Club has again taken up this school as Signature project for which funds are being generated. We have received under CSR Rs. 05 lakh from Aakar Creations Pvt. Ltd., through kind courtesy of family of PP Rtn. Kanan Diwan, plus another Rs. 7.5 lakh from Rotarians and friends. These figures will be matched by family of PP Rtn. Ashok Puri and other Rotary Clubs in USA.

November being the Rotary Foundation month, President Sanjay said that through Editor PP Rtn. Dr. V.J.S. Vohra snippets regarding TRF would be appearing in the bulletin (see page 2).

The President handed over the meeting to Rtn. Suman Gupta to take it forward. She greeted all present. She expressed our desire of consulting a astrologer / vastu expert as a routine in our important activities so that our future is safe, peaceful and comfortable. We also want to know what we are. For this we can be judged by our signature without any kundli! For this purpose we invited Rtn. Savita Madan who is an expert in the field, and is the First Lady of our District in RY 2021-22.

Rtn. Savita Madan started her presentation by paying her respects to Ganesh ji, displaying an impressive painting which she made herself. She thanked PP Deepak Sood for introducing her. She also thanked AG Rtn. Dr. Rita Kalra and President Sanjay for inviting her to the meeting.

Very humbly Rtn. Savita stated that she is not an expert but a student in her field and would continue to be so. She made it clear that she would like to have an interactive session. She said our signatures speak about us and tells about our personality.

She said 12 percent of our thought process is controlled by brain and 88 percent is governed by our subconscious mind, which gives command to our brain, which gives command to the arm and finally to hand which generates on the paper a few curves, loops and straight lines which forms our signature.

She discussed about some of her clients where their signatures played a major role in their life and how their problems could be resolved with minor changes in their signatures. Through simple charts she explained the vertical and slanting signatures and discussed various personalities which can be evident from the signatures. She said the signature talks about our weaknesses, strengths, behaviours and patterns. If the signature of a person can be designed, it overcomes the flaws and then the physical, financial or any problem can be rectified without spending money, and without taking medicine, but only through signature!

She also discussed various signatures which were displayed on the screen. We can change our personality and life by making slight changes in our signature. It is clear from Savita's scientific, lively and convincing explanation through an interesting presentation that the way we sign, plays a very significant role in our life.

President Sanjay said that it was a matter of pride for us that it was Rtn. Savita Madan's first presentation in a Rotary Club on the topic 'mystery behind the signature'.

On behalf of our Club PP Rtn. Ashok Puri thanked Rtn. Savita Madan for sharing her valuable experience with us regarding signature analysis. He also complimented her for being a multi talented person.

Our senior most Past President Rtn. B.L. Ramsisaria inducted a new Rotarian Rishi Kant Jha who was accompanied by his wife, Jyoti. He welcomed them and gave them valuable advice. He explained the importance of wearing the Rotary lapel pin by quoting what Past RI President Robert Barth had to say about the wearer;

***"You can rely on me, I am dependable, I am reliable,
I give more than I take, and I am available."***

PP Ramsisaria highlighted some important duties and responsibilities of
