It was quality time for great fun and frolic as it was a special day for the Kids. Even the elders, brought in the child within them, to enjoy every moment of the celebration and all participated in the amazing games.

In India Children's Day is celebrated on 14 November every year to commemorate the birth anniversary of the first Prime Minister of India Pandit Jawaharlal Nehru. This year the day marks the 133rd birth anniversary of Pandit Nehru who was born in 1889 in Allahabad.

Nehru believed that children were India's real strength and foundation of the society. The children of today will make the India of tomorrow. The way we bring them up will determine the future of the country.

For children Nehru was 'Chacha Nehru'. The schools, and educational institutions celebrate the day with several educational and motivational programs. As Prime Minister, Nehru wanted to create an atmosphere in the country where the attention is constantly focused on children and their welfare. Nehru saw in children's innocent faces the future of India. He was convinced that any amount of money spent on children was a sound investment for the future of the country.

Rtn शशि जैन से रूबरू दिल से दिल की गुफ़तगू

Rtn Ritu Bhatia is the first Lady Rotarian of our club to become the First Lady in the year 2020-21. She is a Partner in the family business of Steel Distribution. She practices Nichiren Buddhism, a philosophy of respect for dignity of life. By nature, she is unassuming and a very modest person. Talking about Rotary, she poured her heart out.

Q. When did you join Rotary club? Why did you join it in your individual capacity whereas you were already a member of Rotary family?

A. I was inducted as a Rotarian on 29th June 2018. My husband was already a Rotarian, when I was offered to join it. The club was ready to welcome me and I decided to reciprocate the gesture. My decision to join was also influenced by my interaction with some outstanding women Rotarians in Rotary Chandigarh Midtown.

Q. When you were the First Lady of the club, you stood like a rock for your husband but now you don't seem to be taking much interest. Why?

A. PP. Sanjay Bhatia was the Covid President and it was a difficult time. I became a part and parcel of all ups and downs he faced during his tenure within and outside of Rotary. We all had to step up for each other given the chaos and panic that year. However, online activities could rather be managed easily. Back to pre-Covid day, I hope to find time for everything I stand for.

Q. What would you like to say so that more people are more involved in Rotary?

A. Rotary stands for warmth, love and great friendship of like-minded people. Working for a cause becomes more joyful in such an environment. Since our goal is larger than ourselves, we can create value by uniting on this forum. I would say to women that World of Rotary makes you feel empowered and respected beyond measure-so come and be a part of it.

Q. Any suggestions for improvement of structure or working of our club?

A. Rotary as an organization stands for humanitarian causes and is a change maker. I feel when it trickles down to individual clubs, this purpose is sometimes lost, and power becomes the main objective. Some tweaks need to be initiated to protect the original goal of Rotary.

Wishing you to motivate more women to join Rotary.

Rtn Col JS Chandoak's response to PP Rtn Dr Balram Gupta's article 'A lifelong pursuit of the Denning style of writing', published on page 6 of our Bulletin dated 01 November 2022

Dear Dr Balram K Gupta ji,

It is an honour indeed for me to discuss your fantabulous article, 'A Lifelong pursuit of the Denning style of writing', with a luminary like you. It's captivating and an ocean of thoughts. You have been bestowed with many pearls (In Hindi, I would say MAHIR) in various fields and stupendous writing skill is one of them.

Well, Lord Denning is justifiably famous as a 'People's Judge'. Yesterday I read an interesting article titled 'Writing Judgments Citizens can read'.

I admire the core essence, that is, 'Simplicity and Brevity' in writing. May I widen the perspective of simplicity to all walks of life? I strongly feel that simplicity has its own charm, value and beauty. Yes, there is no need for cosmetics for natural beauty (this may be taken in a lighter vein). There are umpteen examples of simple (in the real sense of the word) persons becoming highly successful and reaching glorious heights. Late Lal Bahadur Shastri ji (RIP), a great Prime Minister (who may have been an unwilling politician) was an embodiment of simplicity with splendid traits.

One way of handling an important issue is to appoint a committee. So I am doing likewise to gather some great praiseworthy superlatives for a skillful writer like you.

This is Part 1 of my interaction on the subject with you. Part 2 covering 'Individuality and Impact aspects' of writing skills will follow.

Warm regards and best wishes,
Col JS Chandoak
