Rtn शशि जैन से रूबरू दिल से दिल की गुफ़तगू

PP Rtn Sanjay Bhatia, though very busy in his business of steel distribution, has all the time for Rotary projects. I had very interesting 'baat cheet' with him regarding Rotary.

Q. When did you join Rotary club and what motivated you to join it?

A. My first interaction with Rotary was as a Rotaractor in Calcutta in 1980s where I was a member of the Rotaract Club sponsored by Rotary Club of Calcutta (of first Indian RI President Nitish Chandra Laharry fame). I was Secretary and then President of the Rotaract Club. There, I attended the meetings of the parent club and experienced the decorum and proceedings of the meeting. The meetings being lunch meetings at the Oberoi Grand was a big pull factor (in a lighter vein). During 1995-2006, when I lived in Baroda, some of my friends were members of Round Table India. Round Table is a smaller club (limited to 20 members) and younger club (you retire at 40 years), I decided to join Round Table and put off joining Rotary till my retirement from Round Table. After moving to Chandigarh, I got involved in setting up a Round Table but then happened to meet PP Rtn Raj Kumar Luther who proposed my name in Rotary club. The liveliness and friendliness of the members during my early meetings motivated me to join Rotary Club in February 2012.

Q. You steered the ship of club during Covid times, what difficulties did you face?

A. March 2020 was a double whammy - we entered Covid restrictions and the Club lost a dear and valuable support in the demise of Office Secretary Mr VP Sharma. However, then President Salil Bali perhaps did more projects during April-June (Covid quarter) than in any other quarter during his tenure. This was a great inspiration. Challenges and difficulties only made me discover the strength and enthusiasm of each member that I did not know earlier. Puttar (beloved son) to some and bosom friend to many, the year gave me opportunity of learning and enlightenment. PDG Shaju Peter ensured that I did not defer taking the baton.

Since the meetings were online do you think the attendance was higher?

A. Yes the attendance was consistently higher due to many factors like the quick adoption of technology by our senior members and the enthusiasm of spouses to be by the side of members. There were many great guest speakers. Meetings were also uploaded on

YouTube and no bulletin were missed, thanks to PP Dr VJS Vohra. Many interesting programs were organised online. Q. What projects did you take up during your tenure?

A. Rotary's areas of focus were adhered to with health and literacy. To name a few, infrastructure building in Peermuchalla school, dialysis machines for dialysis centre, Covid Rasoi and Oxygen on Wheels besides various awareness drives, and webinars etc projects were taken up. Despite Covid restrictions, even Literacy awards was conducted by Dr Harinderjit Kaur and her Committee without any hiccups. My gratitude to all members for their enthusiasm and generosity towards projects.

Wishing you all the best for facing the challenges.

Fellowship on 17th February 2023 was sponsored by President Rtn Dr Sanjay Kalra

Extracting Happiness Implanting Smiles by Rtn Raj Khattar

- The woman who invented the phrase. "All men are the same", was a Chinese woman who lost her husband in a crowd.

- There are 3 kinds of men in this world. Some remain single and make wonders happen. Some have girlfriends and see wonders happen. Rest get married and wonder what happened....

- Wives are magicians..... They can change anything into an argument.

- Women live a better, longer and peaceful Life, as compared to men - DO YOU KNOW WHY?

A very INTELLIGENT man replied:

Women don't have a wife!

Thought

- Perfection is not attainable, but if we chase perfection we can catch excellence.

- Smile has infinite words with emotions.

- It is not work that kills, but worry.

- The eye goes blind when it only wants to see why.

Thought for the week by Rtn Col. JS Chandoak

Habits form character and character is destiny. "
