Our regular meeting on August 4, 2023 was dedicated to Rotaract Club of Chandigarh Midtown for the Installation Ceremony of Rtr Aman Garg as President and Board of Directors 2023-24, in the well decorated hall 'Aadab Arz Hai' of Hotel Shivalikview, Chandigarh. The respectful manner in which the Rotaractors welcomed the Rotarians, R'Anns and guests truly matched with the venue name. In turn, the Rotarians of Chandigarh Midtown expressed their support to them by being present in large number.

The Rotary way forward in supporting India's program for elimination of TB by 2025 on Call to Action by PM Narendra Modi

Dear Rotary Nikshay Mitras

India has the highest burden of incident tuberculosis (TB) cases and deaths globally & declared TB capital of the world. Home to one in four people with TB worldwide, it is extremely important for India to accelerate & dovetail its effort for TB Elimination program.

Rotary in India has entered into a formal partnership/agreement with the Ministry of Health & Family Welfare & International TB Union to supplement the efforts of the Government to achieve the target of elimination of TB by 2025. With a well-structured body developed for the Polio eradication program by Rotary, same can be utilized to enhance the TB Elimination program. Following activities can be undertaken with local health authorities by Rotary clubs.

1. Provide nutritional support to the TB patients from the underserved community by adoption online as Nikshay Mitra for 6-9 months.
2. Organize awareness rallies & celebrate the "World TB Day" on 24th March and International Lung day on 25th September.
3. Help promote Diversity (Gender sensitization), Equity (same for all income groups) & inclusion (De stigmatization) in treatment of TB patients.
4. Create awareness among school children & college students about the signs and symptoms about the disease.
5. Distribute leaflets in the community which illustrate signs and symptoms about the onset of TB and the proper coughing/spitting etiquette.
6. Mobile diagnostic units to be used for conducting health screening and TB detection camps in industrial units, prisons, for far flung rural communities etc.
7. Set up TB Hut to provide comprehensive services for TB patients (Test, treat, prevent, build) under one roof.

Let's together sign up and pledge support to the Ministry of Health & Family Welfare to make their village, district, state and country TB FREE and create hope in the world with Rotary.

PP Rtn Dr Rita Kalra
TB Elimination Chair
RI District 3080

TB Harega, Desh Jeetega!

Papa, I'll bring you healthy food everyday. Soon you'll be strong enough to take me to school!

Recover quickly, Eat healthy, Rejoin life!

The Government of India provides each TB patient ₹ 500 per month for nutrition support during treatment through Nikshay Poshan Yojana.

Contact your District TB Officer (DTO) or call the Nikshay Sampark Helpline for TB at 1800-11-6666 for information.

Rotary International President 2025-26

Rtn Mário César Martins de Camargo, a member of the Rotary Club of Santo André, São Paulo, Brazil, is the selection of Nominating Committee for President to become Rotary International's President for 2025-26.

He will officially become the nominee on 1 October if no other candidates challenge him.

Rtn शशि जैन से रूबरू दिल से दिल की गुफ्तगू

PP Rtn. Raj Kumar Luther got his M. Tech degree from London and runs an industry-Atul Fasteners.

Q. What motivated you to join Rotary Club?

A. I want to share an important event of my life. I immigrated to England in 1967 after resigning my Executive Engineer job to do

M.Tech from London. There, I was declared as an unemployable engineer from India. I realised the importance of being skilled. I returned to India in 1982 with the aim to skill the Indian youth. Rotary provided me the platform to achieve this aim and I joined Rotary in December 1998 to realise my dream.

Q. You are passionate about skilling the youth, what did you do for this?

A. In Rotary, whether I was the member or Director Vocational Service or the President, I have been associated with skilling young school drop outs or students after 12th class in the area of their interest. I selected three main thrust areas; air conditioning and refrigeration, plumbing and electric wiring which would make the youngsters easily employable. We have signed an M.O.U with Chandigarh College of Engineering and Technology to provide training in these areas. For girls, we arranged Home care Nursing Training. We have signed M.O.U with Dept. of Child and Women Development Corporation Chandigarh. Over 150 girls have been trained so far.

Q. What other projects have you been involved?

A. I have been actively involved in setting up and maintenance of our project Asra Sarai in Medical College and Hospital Sector 32 Chandigarh. Recently I got M.O.U which had been pending for a long time signed with Director of the Hospital. I help the young Directors of the Board to make the underprivileged boys and girls employable so that our club earns goodwill in society and it's public image enhances. I also try to provide some monetary support to the needy.

May your spirit of Rotary and Philanthropy keep growing
