Teacher's Day - 5th September

Dear Rotarians,

Taking a moment to express our heartfelt gratitude for the extraordinary members of our Rotary Chandigarh Midtown Club. As we celebrate this special day dedicated to teachers, it's important to remember that you are not just teachers in the traditional sense but also mentors, role models, and beacons of hope for us.

We want you to know that without your presence and guidance, our journey would have been significantly more challenging. You have been our guiding lights, and your contributions are immeasurable.

Today, we want to say thank you from the bottom of our hearts. Your love and support have made our lives brighter and more meaningful, and we are truly blessed to have you in our lives.

Happy Teacher's Day to the amazing club members who continue to shape our world with their wisdom, strength, and grace. May you continue to inspire and guide us on this beautiful journey of life.

Educate Empower Elevate

Author

PP Rtn Dr Rita Kalra

Education is the foundation upon which individuals can build their future. It offers an avenue for personal growth, economic stability, and societal development. Basic education and literacy, in particular, are pivotal as they pave the way for a brighter tomorrow. They inspire hope in the communities, even in the direst of circumstances.

Rotary's mission to advance basic education and literacy is a testament to the organization's commitment to creating a better world. Through a myriad of projects, partnerships, and focused initiatives, Rotary has indeed made a significant impact on education globally, reaffirming the belief that education is a right and not a privilege. By prioritizing education, we're investing not only in individuals but in the collective future of humanity. While the importance of basic education and literacy is undeniable, millions still lack access to it. Issues such as these call for a united global response.

- Gender disparity in education
- Lack of infrastructure in rural areas
- Insufficiently trained teachers
- Financial Constraints

Collaborative efforts, increased funding, and innovative solutions are needed to ensure that basic education and literacy is available to all.

September is designated as Literacy Month in Rotary and recognizing the importance of education for creating sustainable communities and breaking the cycle of poverty can make a huge difference.

Rotary India Literacy Mission launched in 2014 is a comprehensive structured program consisting of

five components of **TEACH**. Together we can make a difference by choosing relevant projects listed below:

1. Teacher Training: Quality of education is as crucial as access. Rotary emphasize **training teachers** to provide effective, innovative, and interactive experience and recognizing their passion with **Nation Builders Award**.

2. E learning : **Smart class rooms** provide multimedia, interactive aid in teaching and curriculum software to make learning experience innovative and creative .

3. Adult Literacy : **Saksham Bharat** in collaboration with TATA Consultancy services offers 3 months module on reading writing arithmetic and entitlement programs of GOI.

4. Child development : **Seminars** on health literacy, moral values, Remedial Teaching, **Lakshay scholarships by BYJUS**, tablets, cycles etc. for empowering students from Government schools to excel in exams.

5. Happy Schools: Provision of desk benches, libraries, class rooms, toilets, drinking water, playground etc. to improve infrastructure

Basic education and literacy are more than just skills; they are catalysts for hope, transformation, and progress. They are pathways to a brighter tomorrow and are instrumental in sculpting a more inclusive, prosperous and resilient world.

So let's pack our bags and do whatever is within our power towards Total Literacy and holistic growth of our country.

Welcome new Rotarians

Rtn शशि जैन से रूबरू दिल से दिल की गुफ़तगू

Rtn Anupam Jain started her professional career as a lecturer in Economics at Lady Shri Ram College, New Delhi but always had an intense zeal to do something of her own to utilise her education. She joined Rotary Club Chandigarh Midtown in 2017 first as an honorary member and then as a regular member in 2020. While I was scanning her biodata, I was awestruck by the number of awards and honours she has received.

Q. Kindly tell something about your skill development programme and how have you served community through it?

A. I am the founder of MMC COMPUTERS-SKILL FOUNDATION. Under this foundation, I have established 24 centres and they are affiliated with Govt Bodies and Ministry of Skill Development. So we are able to implement various Govt. Schemes in IT and sectors. It has benefitted about 50000 young boys and girls out of which 12000 are girls from backward areas and economically weaker sections. I was fortunate to launch free online certified computer classes for orphans who had lost their parents during Covid. This made them employable and self reliant.

Q. Please tell something about the various awards and honours you have received.

A. I represented India in UNESCO Headquarters, Paris at Global Skill Development Meet, received Bhasker Business Woman of the Year award in 2011, selected by Goldman Sachs (USA) as Ambassador of 10K women entrepreneurs; selected as Mentor in 2018 by Cherie Blair Foundation to support business of women; received TLJ Life Time Achievement award and received Nari Shakti award by Brijbhushan Foundation.

Q The list of your honours is endless and it is really commendable. What other important assignments have you held?

A. I have been the Chairperson CII-IWN Chandigarh for two years; President Innerwheel Club; on the Advisory Board of FICCFLO Ludhiana and currently State President of WICCI Skill Development Council Haryana.

In our club I have been Director Vocational Service for two years. Last year I was the Club Secretary and Rotary was generous enough to give me the Best Secretary Zone 5 award. Now I am Additional District Secretary Vocational Services (2023-24).

Q. Do you think Rotary is the best platform for community service?

A. I feel Rotary provides us great exposure and different ways to serve the society and I feel blessed to be a part of it.

May you keep skilling the youth and the list of your honours keep growing
