## Rotary Club Assemblies : Activators of Development and Common Goals

Club assemblies are essential pillars of the Rotary International organisation that promote cooperation, openness, and strategic direction. These frequent meetings are more than just reporting sessions; they spark a vibrant discussion, recognise accomplishments, and map out a path for group influence. Directors present in-depth reports that provide a vivid picture of the club's development during assemblies. The focus is on different service projects, educational programmes that empower children, and healthcare initiatives that enhance community well-being. Members debate wisely when budgets are given, guiding them through the financial maze and helping them allocate resources most effectively.

Beyond the official proceedings, club meetings foster a sense of community and common purpose. Members recognise individual achievements, form enduring connections, and find inspiration in the group's commitment to service. This network of support inspires passion, develops creativity, and ensures that Rotary's effect continues to reach far and wide.

In essence, club assemblies are the heartbeat of a Rotary Club. They serve as a platform for responsibility, openness, and collaboration, ultimately moving the club towards its goal of making the world a better place. Members who actively participate not only see progress, but also actively shape the future, leaving a lasting impact in their communities and beyond.

In the Club Assembly anonymously PP Rtn. Dr. Rita Kalra was selected for the DG Candidature for RY 2026-27 with full support of the House.

The session was highly appreciated by the police force. PP Rtn. Pallav Mukerjee's valuable inputs for the lecture were acknowledged by Rtn. Anupum Jain.

### Sushiksha Sessions by Rotary Uncle

With new session starting PP Rtn. Saili Chopra in Govt Primary School, Village Kundi addressed children on how people rose from failure level or low levels to highest levels like Cricketer Sachin R Tendulkar, Sh. Dhiru Bhai Ambani, President Abdul Kalam and President (US) Abraham Lincoln. We have to keep moving in life because one can rise after learning from the mistakes committed.

Rotary susiksha pathshala session with a difference. When we approached authorities of Municipal corporation school in Paharganj we showed work through pictures but the school wanted Govt permission or note, but even going day long in Delhi could not get any such document. Then the school offered me class V with a condition that no pic of children and teachers would be taken. A Class on moral values to the liking of children and the teachers, under their terms.

Last day of Rotary Susiksha Pathshala Session at Government Middle School Sector 21, Panchkula where children took lot of interest in videos screened on  
1. How super heros of industries or silver screen were poor and rose to highest level  
2. We begin always with misunderstanding but reality when faced moves us to tears in eyes.  
It was too enjoyable session and children were moved with raise from poverty to Big status

how, the hard way, he learnt this lesson. Never to happen again. A lawyer should never loose his temper in court. Self control is the best recipe. Ultimately, he was one of the finest human being. Every one truly understood him. He never meant anything negative to anyone.

Fall stayed away from Whatsapp. He did not possess a mobile phone. He had no time to spend on his mobile. He enjoyed cricket. He was a fan of cricket since his younger days. He would often watch a good evening game of cricket.

It is not correct to say that he has left the legal fraternity poorer. He made a living contribution. His contribution

will never fade. He was an intellectual giant. He will never die. Only physically, he would not be seen in the corridors of the Supreme Court. His anecdotes were a source of joy. May I say, his whole life was a source of joy. There cannot be another Fali Nariman. His life needs to be celebrated. In the best possible manner. We would fondly miss him.
