## Installation of President Rotaract Club Dev Samaj College for Women Chief Guest : PDG Maj. Som Dutt

Friday, September 11, 2009

Time: 7.00. PM

Venue: Hotel President, Sector 26, Chandigarh.

### Rotary and Healthcare

On September 4, 2009 during the club meeting President Gurdip S. Deep announced that in the next meeting there would be installation of President of our all girls Rotaract Club of Dev Samaj College, Sector 45. On September 26, 2009 Blood Donation camp is being organized in the college. Arrangements have been made with GMCH, Sector 32, and we are expecting 100 donors! Donors would feel motivated with presence of Rotarians.

The Guest Speaker, Justice J.S. Narang was introduced by PP Dr. Balram Gupta. Justice Narang did his Graduation in Law from Panjab University,

Justice J.S. Narang gives a talk on Rotary and Healthcare

Chandigarh. He joined the Bar at the Punjab and Haryana High Court in 1968. He excelled in the field of Corporate Laws, Banking Laws, Constitutional Law and Labour Laws. In the year 1999, he was elevated as a Judge of Punjab and Haryana High Court. He retired in January 2007. Immediately thereafter, he was appointed as the Director General of

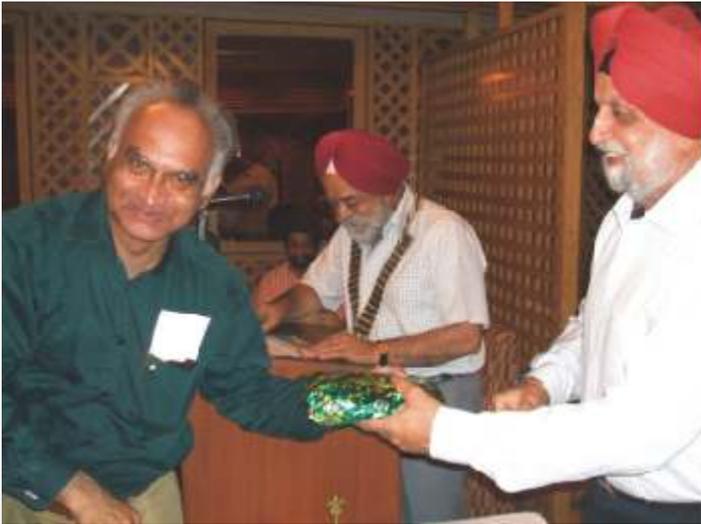

the newly set up State Judicial Academy in Sector 43.

Justice Narang was a member of our club for number of years, being a Charter Member and past Secretary. Dr. Balram Gupta said, "in fact, it is a home coming for him."

Justice Narang admitted that it was definitely a home coming for him and recalled the charter meeting held at the residence of Rtn. Lalit Suri, then President of Rotary Club of Chandigarh. He was happy to see old friends including Charter President Dr. B.D. Gupta, who was present in the meeting. Justice Narang shared with us his experience as our club secretary (1979-80) when Justice J.L. Gupta (Now Chief Justice, Retd.) was the President.

Justice Narang said we have to educate the needy persons about hygiene. We have the best of things available in modern India. We are quite well off. Even a rickshaw wala or subzi wala have mobiles phones. He added, "but they have not reached to hygiene". Good healthcare is available in our country but it is only for those who can afford it. Persons living below the poverty line cannot afford these hi tech healthcare facilities available in private hospitals and clinics. For the poor persons these facilities are very costly affair.

Justice Narang suggested that we must upgrade the Government Hospitals. To establish medical colleges there are conditions laid out by Medical Council of India, which has to be fulfilled. MCI will not allow a medical college to function if the conditions are not fulfilled. Justice Narang said, "there are no regulations or guidelines for setting up and functioning of

hospitals." There are no basic conditions or statutory requirements for hospitals. The civil hospitals are lacking in basic amenities and even an ambulance would not be available. He said, "this is the area where we as Rotarians have to reach." In private hospitals the board of directors lay down the rules and regulations and they ensure that these are implemented to give the state of the art facilities to the patients. But all these are available for a price which only rich people can afford. Where would the poor go?

Justice Narang remarked, "unfortunately, as far as my profession is concerned I also face the same kind of thing, people ask about the arrears and that why a case is not decided for 20 years. I am answerable for that." He also talked about the population. There is every kind of Public Interest Litigations (PIL). But there has never been any PIL for reducing the population. He said, "If China can reduce their population, why can't we do it?"

Justice Narang said it is a desire of every married couple to have a child. But the girl child has to be

protected. He said, "a girl child or women are very essential in our society." He said one child, whether girl or a boy is good enough, at the most two children. If this is sincerely followed by even one generation, the population will come down. He further remarked, "Our healthcare is equally affected if we do not reduce the population." In PGI or in Government hospitals thousands of people are lying on the floor in the verandah.

But this not seen in Fortis or any private hospitals because they have increased their tariff to provide the best facilities.
