

## PROGRAMME

Interactive Session on State of the Nation

*Guest Speaker:* Rtn. Mrs. Neena Singh

Former Executive Vice President, HDFC Bank

Friday, May 20, 2011

Time: 7.00 p.m. Venue: Hotel President, Sector 26, Chandigarh

## **Importance of Astrology and Vaastu in our Life**

Guest Speaker Dr. D. Uppal, Astrologer & Vaastu Consultant was welcomed by President Rtn. Prem Anand and introduced by Secretary Rtn. Deepak Sood in our club meeting on May 13, 2011. Dr. Uppal is an eminent Consultant in his profession. He started studying the subject when he was just 17 years old. For the last over twenty years he is doing research in Vaastu Shastra and promotes it as an ancient architectural science. He has been honoured in 2006 with an award by S.D. College Sector 32 Chandigarh for his services in Astrology and Vaastu. In 2009 Akhil Bhartiya Jyotish Parishad Jalandhur honoured him with excellence

award for doing work in Astrology and Vaastu. He is also writing for number of newspapers and magazines.

Dr. Uppal's talk highlighted the importance of astrology and Vaastu in our life. Astrology and Vaastu are inter related subjects. He said if we want to live peacefully we should adopt vaastu principles in our residential and commercial buildings. He said Vaastu guides us how to eat, sleep, study, cook, offer prayers and where to build bedrooms for children, young couples and elderly persons of the family.

He also advocated vaastu compliance industry and its advantages. He said, "With the help of Vaastu we can create the building structures as per Panchtatvas. It has been seen that imbalance of any tatva, can create huge health and business problems in our lives. So there is a great need to make a perfect balance of Panchtatvas to attract peace, progress and prosperity in our lives."

He added, "Construct your factory as per Vaastu and it will open the door of Peace, Progress and Prosperity for your family. Growth of Excellent and profitable set-up is very much necessary for the steady development of any industry." No society and its state can progress without the growth of industrial setup. Vaastu helps in creating durable relations between its workforce and administrative body without which no target can be achieved. In any industrial setup we require huge money to create infrastructure. An ill designed Vaastu structure can lead to the failure of any industrial unit. By investing few lakhs more, we can stronghold the foundation of our industry so that an environment can be created for the continence success of any unit. It has been found that industrial units made with Vaastu guidance face less problems like Break-down, labour problem, financial problems etc. In any industrial unit, installation of machinery on the basis of Vaastu should be very much ensured. There is a particular direction and place

Dr. D. Uppal  
Astrologer & Vaastu Consultant

to fix up machinery, water resources, electricity equipments, main supply of electricity board, raw material godowns and finished goods godowns, administrative block, security arrangements, canteen & rest house for official staff, Labour & administrative personel residences, temple and sanitary out going etc.

**Main entrance of factory (main gate) :** Main entrance of any industrial unit can be fixed by consideration of so many aspects like horoscope and planetary position of factory owner in the horoscope, its main partners and nature of work it undertakes. The height of main entrance should not be lesser than 8 feet.

**Water resources :** Fresh water resources can be established in north or north east. Under water resources may also be established in the said directions but it must not be under east west joining line. Overhead water tanks should be in south west direction. By fixing a place for water resources, we much ensure that north east must be constructed lightly and south east heavier.

**Establishment of Machinery :** Machinery of any industrial plant should be placed in south-west direction by making a

suitable platform with the expert guidance of Vaastu consultant. Before the placement of machinery, proper Vaastu shodhan should be performed and energy level should be established by making placements of pyramids under the foundation. Pyramids maintain good energy level

Rtn. Parveen Khosla bags the punctuality award, which is being presented to him by Dr. D. Uppal. Looking on is President Prem Anand

of building which is very much required for the smooth functioning of industrial unit. It must be remembered that pyramid establishment is very much required for the smooth running of Unit and to gain complete peace, progress & prosperity.

Establishment of power board and electric equipment : Vaastu experts establishes main power resources and other electric equipments on the south east directions of a unit. We can fix boilers, Ovens and heating elements on this direction as well.

By fixing electric resources in the said direction, we can ensure smooth running of a unit with less maintenance expenses. There are number of other Vaastu tips for establishing of units.

Administrative Block : Placements of administrative block in any industrial unit is very much necessary. A unit's complete success depends upon that. Therefore, it must be ensured that managing director's chamber, other official's chambers and its staff is fixed in a most suitable direction in the factory's central east and central north part. Sitting arrangement for factory director and his staff must be fixed as per Vaastu. Toilets of administrative staff should be in south or west directions by fixing toilet seats in a particular direction. Never & never keep it in North east direction. It is

the most unpropitious place to keep toilets in north east.

Raw material in Central south and central west part : We can fix it in North West direction. If the store material is in excessive quantity in addition to above we have to construct/establish finished goods godowns. Weighing machines, residences for administrative staff, car parking, temple, security chamber, plantation and industrial roofs, sanitary water tanks are also to be required to be established as per Vaastu and it must be done under the guidance of an expert Vaastu consultant.

Dr. Uppal said for the construction of industrial units, bungalows, flats, schools, marriage palaces, malls and showrooms vaastu compliance under an expert consultant is necessary.

Dr. Uppal concluded, "Do not blindly believe in astrology and vaastu, but take it as a professional counseling, advice and guidance. For this, modern technology is necessary as world class astrological softwares are available and the astrologers should make full use of these scientifically while dealing with their clients."

Vote of thanks was proposed by IPP Rtn. Gurdip S. Deep. He said, "We are grateful to Dr. Uppal for his address to us on a subject that has more queries than answers. We need to know more about this, which has to be logically scientific!"

## **Obama and the Canadian PM** **Contributed by: Rtn J.S. Chopra**

President Obama and the Canadian Prime Minister are shown a time machine which can see 50 years into the future. They both decide to test it by asking a question each.

President Obama goes first: "What will the USA be like in 50 years' time?"

The machine whirls and beeps and goes into action and gives him a printout, he reads it out: "The country is in good hands under the new President, Jose Fernandez.... crime is non-existent, there is no conflict, the economy is healthy. Vice

President Jin Tao has declared Chinese language mandatory in all USA schools There are no worries."

The Canadian PM thinks, "It's not bad, this time machine, I'll have a bit of that" so he asks: "What will Canada be like in 50 years' time?"

The machine whirls and beeps and goes into action, and he gets a printout. But he just stares at it.

"Come on, David," says Obama, "Tell us what it says."  
"I can't! It's all in Punjabi!"

## PP Saroj Jhawar wins First Prize at Kitchen Expo

PP Saroj Jhawar gets first prize in desserts category

CII-Cremica recipe contest was perhaps the most interesting food expo at the "Kitchen and Beyond 2011", recently organized by CII at Himachal Bhawan in Sector 28, Chandigarh.

There were more than sixty participants from the tricity with innovative cooking and presentation styles. The contest was based on three categories – salads, snacks and desserts.

PP Rtn. Saroj Jhawar won the first prize in the desserts category. Jimmy Khurana and Narinder Kaur won the contest in the salads and snacks categories.

Ms. Kandla Nijhowne, one of the five semi finalists in Akshay Kumar's 'Master Chef India' TV contest, distributed the prizes.

## Condolences

Mother of Assistant Governor Rtn. Praveen Goel left for her heavenly abode on 4th May 2011. Kirya ceremony was held on 16th May 2011 at Aggarwal Bhawan, Sector 16, Panchkula.

Rtn. Dr. Mrs. Shashi Jain lost her father and prayer meeting

was held on 12th May 2011 at Geeta Bhawan, Kalka.

In the club meeting last Friday, two minutes silence was observed in the memory of departed souls. Our heartfelt condolences to the grieved families, and we pray to God to give them strength to bear the loss.
