think there was any need to. I am President Barrack Obama, the President of the United States of America."

Cashier: "Yes sir, I know who you are, but with all the regulations and monitoring of the banks because of imposters, forgers, etc I must insist on seeing your ID."

Obama: "Just ask anyone here at the bank who I am and they will tell you. Everybody knows who I am."

Cashier: "I am sorry Mr. President but these are the bank rules and I must follow them."

Obama: "I am urging you, please, to cash this cheque"

Cashier: "Look Mr. President, this is what we can do: One day Tiger Woods came into the bank without ID. To prove he

was Tiger Woods he pulled out his putting iron and made a beautiful shot across the bank into a cup. With that shot we knew him to be Tiger Woods and cashed his cheque. Another time, Andre Agassi came in without ID. He pulled out his tennis racquet and made a fabulous shot and the tennis ball landed in my cup. With that shot we cashed his cheque. So, Mr. President, what can you do to prove that it is you, and only you, as the President of the United States?"

Obama stood there thinking, and thinking, and finally said : "Honestly, my mind is a total blank - there is nothing that comes to my mind. I can't think of a single thing."

Cashier: "Now I know who you are! Do you want large or small denomination notes, Mr. President?"

Ann's Column

R'ann Indu Anand: My impressions as First Lady of Rotary Club Chandigarh Midtown : 2010-11

My husband is a member of this club for the last 22 years. When he became President last year every body supported us so much that I was over whelmed. Initially, I had lot of mixed feelings and apprehensions about my role this year but with a sense of determination, patience and co-operation of all Rotarians, guidance of R'ann Lovy Peter, and the respect I got, enabled me to help my husband in fulfilling the goals set for the year.

For one year there was no other discussion in the house but rotary! How we can implement the projects or who will be guest speaker. How we will celebrate the functions and so on. I had left all other engagements and foremost was Rotary work true to the wise words of Napoleon Hill, "What the mind

of man can conceive and believe". On becoming the first lady the number of friends increased. If Rotary spirit is imbibed properly, it will bring an Attitudinal change in the person. The attitude towards one's own self, family friends, profession and community around will under go a change from narrower to broader. Time management skill improves. Friendship and fellowship are the life and breath of Rotary. It is the spirit that enhances personal excellence.

People come to the club to learn something new, something they did not know and something they want to do with their life. Members who are serious about service will hold the respect which the title Rotarian symbolizes.
