cooperation I received during the year.”

Deepak responded to the general observations of Rotarians that since the year is ending he must be feeling very relieved. He stated, “I never felt any burden from the beginning of Rotary year till today as the year went so smoothly with the support from all board members.” He expressed his deep satisfaction for getting involved in humanitarian service projects like Computer education to under privileged girls, providing hearing aids to poor children, disability empowerment by providing artificial limbs, tricycles and wheel chairs, efforts for orphanage up gradation, scholarships to needy students, providing free education to poor students, blood donation and medical camps.

Deepak was pleased to gratefully acknowledge the contributions made by our Rotarians for Uttarakhand disaster relief fund, and also for achieving the target of US\$ 15340 towards the Rotary Foundation.

The year concluded as an entertaining evening of songs, sher 'o' shayeri and jokes – an interesting show of talent by Rotarians and R'anns. There were 'Chupe Rustams' like Rtn. Ashok Sharma and Rtn. Ashok Puri. PDG Shaju Peter and R'ann Lovy stole the show as Shaju sang his favourite song, the famous Hindi hit of 1960s, 'Mere Mehboob Tujhe Meri Muhabbat Ki Qasam.....', and there was a surprise reflection of emotions by Shaju, not as the reel hero, but as the real one and the 'sharmana' by Lovy was genuine!

President Deepak ensured that those who were not present in the Valedictory Function last week were presented awards and PHF recognitions, and to do the honours he requested PDG Shaju Peter.

In his concluding remarks President Deepak Sood said, “The future of our club is bright under the dynamic leadership of President R.T.P.S. Tulsi and Secretary Salil Bali.”

From the Desk of President 2014-15 Rtn. R.T.P.S. Tulsi

President Rtn. R.T.P.S.
Tulsi and First Lady
R'ann Ranjana

Please accept our greetings on the eve of the new Rotary year 2014-2015. 1st July 2014 rings in a new Rotary year. This is a solemn occasion to remind ourselves of the object of Rotary, our commitment to the four-way test and resolve to live by the Rotary code of conduct.

It is a great honor for me to receive the baton from our dear Deepak Sood.

In their inimitable style Deepak and Purnima ji have taken Rotary Chandigarh Midtown to greater heights. God willing, we shall also strive to come up to your expectations.

The theme for 2014-15 is “**Light Up Rotary**” of RI President Gary C.K. Huang. The inspiration for the theme is based on the teachings of Chinese philosopher Confucius who said: “It is better to light a single candle, than to sit and curse the darkness.”

Our District Governor Col. Dilip Patnaik has given us a call to start lighting up Rotary and celebrate 1st July 2014 as the “Annapurna Day” by arranging “langar” for the needy and poor. Accordingly, we are celebrating the same as per details given in the last bulletin.

After the successful Rotary International Polio Campaign, an ambitious “Total Literacy in South Asia” program has been launched in 2014 by Rtn. Kalyan Banerjee, present Trustee of Rotary Foundation and Past RI President 2011-12. Our signature project for 2014-15 “Towards total Literacy, more for females” is in keeping with the above RI program.

In order to achieve success in such an ambitious project we need to muster all our strength and resources. While striving to achieve our objectives let me recall one of the most powerful messages of the Bhagvat Gita “karmanev adhikarshte ma falesu kadachan”, meaning that, “karam kiye ja fal ki ichha mat kar”. We need to remember what Guru Nanak said “Ghal khaiye kich hathon de Nanak rah pacchane sae”, meaning that, “He who earns his livelihood by earnest means and also gives some in charity follows the path of righteousness.”

Let us promote the joy of giving as a mass movement. Let young Rotarians give whatever they can, more physically, experienced

Rotarians give whatever they can, more their precious advice and elder Rotarians need to give all they can, more financial support. All Rotarians may please bless the board of directors with their sweet words of encouragement throughout the year.

The philosophy of 70 % can also facilitate achievement of our club goals. Let me illustrate. A Chinese tycoon passed away. He left for his widow 1.9 billion dollars in the bank. The widow remarried her young chauffeur. The chauffeur said, "All the while I thought I was working for my boss. Now I realize that my boss was all the time working for me." Remember, in a high end Phone 70 % of the

functions are useless. In an expensive car, 70 % of the speed is not needed. In a luxurious villa, 70 % of the space remains un-occupied or un-utilized. In a whole wardrobe of clothes 70 % are seldom worn. Out of whole life's earning, 70 % remain behind for other people to use.

Moral of 70 % philosophy is to recognize in the joy of giving. Let us whole heartedly commit ourselves to provide humanitarian service, encourage high ethical standards and build goodwill and peace in the world.

Dear Deepak ji,

Please accept my heartiest congratulations for completing an event-filled Rotary year. Your club has performed wonderfully under your dynamic leadership. It happened because you were leading the club from the front taking all members along. I was fascinated the way

your club functions so smoothly. It is a club with members rich in Rotary and worldly knowledge. Please convey my congratulations and good wishes to everyone in the club, may be in one of its meetings or through the club bulletin.

I am sorry I have been disturbing you continuously throughout although I knew that you were to attend to your business also. But that is Rotary.

My regards.

In Rotary,

PP SARBJIT SINGH
ASSISTANT GOVERNOR ZONE IV

Introduction of Mr. K.T.S. Tulsi, Chief Guest for Installation Ceremony

K.T.S. Tulsi

Mr. K.T.S. Tulsi is Member of Parliament, Rajya Sabha. Born in 1947 at Hoshiarpur, Punjab, he graduated with Hons. in Political Science from the Punjab University and completed his Bachelors in Law in 1971, when he was enrolled as a member of the Bar of Punjab & Haryana High Court.

Having been a keen debater in school and college, and a topper in moot

courts in law, he decided that he would earn his bread by his spoken word. The initial years of practice were complimented by assignment as a part-time lecturer in law between 1973-76, during which time he also authored two books, Tulsi's Digest of Accident Claims Cases and Goswami and Tulsi's Landlord & Tenant Cases, both of which were published by the Eastern Law House, Calcutta.

In 1976, he was appointed a reporter of the Indian Law Reports (Punjab Series). Even though Mr. Tulsi practiced in courts far and wide, from Guwahati and Calcutta to Bombay and Simla, he still got addicted to writing on law and published hundreds of articles in Law Journals and newspapers.

From 1980 onwards, Mr. Tulsi gradually drifted to the field of criminal law on his appointment as a Special Prosecutor against terrorists in Punjab, Delhi and Assam. While terrorism was raging in Punjab and no lawyer was willing to come forward and prosecute the terrorists, Mr. Tulsi accepted the onerous responsibility of prosecuting 'A' grade terrorists including the cases of Operation Black Thunder, attempt on the life of Mr. JF Rebeiro, Talwara Bank Dacoity case etc.

In 1987, he was designated as a Senior Advocate and in 1990, he was appointed as Additional Solicitor General of India, in which position he represented the State before more than ten Constitution Benches of the Supreme Court of India, in several important cases including the constitutional validity of the Terrorists and Disruptive Activities (Prevention) Act, cases arising out of the assassination of former Prime Minister Sh. Rajiv Gandhi, the Bombay Blast case, the Calcutta Bomb Blast case as well as important cases against various terrorist organizations such as JKLF, LTTE, PWG etc.

In 1994, Mr. Tulsi was elected as the President of the Criminal Justice Society of India, which position he holds till today. In the same year, he was elected as the President of the Intellectual Property Attorneys Association and later as the Vice-President of the Asian Patent Attorneys Association. Under the leadership of Mr.

Tulsi, the Criminal Justice Society of India has organized several important national seminars on subjects such as delays in criminal justice, procedure for search and seizure, matrimonial offences, combating corruption etc.

However, the crowning glory in the even otherwise glorious career of Mr. Tulsi, was the successful prosecution of the case on behalf of the victims of the infamous Uphaar Tragedy, wherein his tireless and dedicated effort lasting over ten years against the combined onslaught of a big business house as well as various statutory agencies of the Government, led to the victims being granted a hitherto unheard amount of compensation to the victims. The Judgment is not only a landmark in the field of Public Interest Litigation but also a giant step forward in the effort to improve the quality of governance in India. The case not only reinforced the factum of his being a professional of rare grit and merit but also showed to the world his humane and compassionate nature as he refused to accept any monetary compensation from the victims for his untiring efforts lasting over a 150 hearings in the Delhi High Court and the Supreme Court of India. Mr. Tulsi has set new standards of public service amongst lawyers and has revived public faith and confidence in the legal community.

Mr. Tulsi served as President of our club in Rotary year 1990-91.

On 27th June 2014 Rotaract Award Function for District 3080 was hosted by District Rotaract Organisation in association with Rotaract Club of Chandigarh Midtown, who won 7 awards,

including The Best President Award - for Zone 2 to Rtr. Kanika Sharma. Congrats to Kanika and her team for a very successful and eventful year.

Our WCS project in RI District 3292, Nepal

Bio gas toilet

Clean water supply

According to mail received on June 18, 2014 by PDG Shaju Peter and Rtn. Arjan Singh from Rotary Club of Patan, Kathmandu, Nepal, regarding the project titled, 'Water and Sanitation to the remote Tamang village of Mirge', a team of four Rotarians from Rotary Club of Patan were very pleased to see the progress made in the project implementation.

This Bio-Gas Toilet and Clean Water Supply project was made possible through the collaboration and financial support of the Rotary Club of Patan, D-3292, Nepal, Rotary Club of Wollaton Park, D-1220, UK, Rotary Club Chandigarh Midtown, D-3080, India and the Rotary Foundation.

Due to this Matching Grant Project, 200 families in the village of Mirge now have clean water supply at their homes and there is no need to walk far to fetch water. Under this project 29 families will have biogas toilet and cooking systems in their homes.

The new RI President Gary Huang

RI President Gary Huang and his wife, Corinna Yao

RI President 2014-15, Rtn. Gary C.K. Huang is an adviser for Wah Lee Industrial Corp. and Bank of Panhsin, and is director of Federal Corporation and Sunty Development Co. Ltd. He previously was

president of Malayan Overseas Insurance Co. and chair of Taiwan Sogo Shinkong Security Co. Ltd.

A Rotarian since 1976, Huang has served RI as vice-president, director, Foundation trustee, International Assembly group discussion leader, regional session leader, task force member and coordinator, committee member and chair, and district governor. He also was chair of the 2014 International Assembly Committee; adviser for the Permanent Fund Committee for Taiwan, Macau, and Hong Kong; and PolioPlus advocacy adviser for Taiwan.

He has been instrumental in membership development throughout Asia. As a Rotary Foundation trustee, Huang set the goal of recruiting 100 new Major Donors in Taiwan to celebrate Rotary's centennial; the result was the addition of 106 Major Donors in 2005 and 103 in 2006, who contributed more than \$2 million to the Foundation's Annual Fund.

Huang wrote about his experiences in business and Rotary in his book, "Finding Solutions, Not Excuses." He received the Civic Service Award of the Federation of Non-Profit Associations and the

Outstanding Community Service Award from Taiwan's Ministry of the Interior. He is a recipient of the Rotary International Service Above Self Award and Presidential Citation and The Rotary Foundation's Citation for Meritorious Service and Distinguished Service Award.

Huang is so serious about membership that he recruited his own family into Rotary. His wife, Corinna Yao joined first, then his three grown children followed suit, each in a different club. His son, Billy, believes that being in Rotary has made the family closer. "We participate in activities together," he says. "I understand my dad better." Huang is thrilled to bring together the most important parts

of his life, giving new meaning to the idea of the family of Rotary. He hopes that others will follow his example. "Why leave your family to do your Rotary work? You can do it together," he suggests. "Then doing good becomes a family event."

The RI President also champions the idea of opening Rotary's doors to younger people and recruiting more female members. "Some Rotarians are too conservative. They disagree with having women or younger members," he says. "With younger people, they are our future. In a few years, they will be bigger, better, maybe richer than us. It's good for them, good for Rotary, and good for society."

Our Scholars doing well

Rtn. Arjan Singh reports, "One of our scholars is the topper in her batch in the UIET. Aartika Bansal has secured GPA of P.57 in her eighth semester which gives her a composite GPA of 9.38 over all four years of her study. She already has a job offer but is debating whether to take it up or go for an M.Tech. Her ambition is to appear

for the civil services examination. Well done, Aartika!"

Arjan also shared another information, "Manmohan Singh is the scholar who was funded by my friend from Seattle, Tom Sykes. He sent a mail informing Tom of his success. Nice of the boy to show his gratitude to his benefactor."
